Board of Vocational Nursing And Psychiatric Technicians  
2535 Capitol Oaks Drive, Suite 205  
Sacramento, California 95833

Teresa Bello-Jones, J.D., M.S.N., R.N.  
Executive Officer

## LVN Fee Change Proposal

On September 16, 2005, the Board of Vocational Nursing and Psychiatric Technicians voted to approve a regulatory fee change proposal for the Vocational Nursing (VN) Program. The Board plans to promulgate regulations to change the following fee categories for the VN Program:

- Initial License Fee — From \$100 to \$120
- Biennial License Renewal Fee — From \$100 to \$120
- Delinquent License Renewal Fee — From \$50 to \$60

The purpose of the fee change is to ensure that sufficient funds are available to implement a new mandatory reporting statute that became effective January 1, 2004. Business & Professions Code, Sections 2878.1 and 4521.2, establishes mandatory reporting requirements for licensed vocational nurses (LVNs), psychiatric technicians (PTs) and employers of LVNs and PTs. The new law specifies that a licensee who fails to report known violations of the VN and PT laws to the Board may have his/her license suspended or revoked for unprofessional conduct. Licensees must report the violations to the Board in writing and must cooperate with the Board in furnishing information or assistance as may be required.

(Continued on page 3, see Fee Change)

## VN Education Fund

On July 1, 2004, Senate Bill 358 was signed into law. One of the provisions of the law established the Vocational Nurse Education Fund scholarship and educational loan program within the Health Professions Education Foundation (HPEF). This loan program is established to promote the education of LVNs by providing scholarships or loan repayment to LVN applicants who agree to work in underserved areas of the state performing direct patient care.

To be eligible for a scholarship or loan repayment, the applicant must:

- be qualified for admission to a Board-accredited vocational nursing program, or
- hold a current valid license as a vocational nurse and wish to obtain an associate of science degree in nursing from an accredited college.

Staff of the HPEF is developing regulations to implement the law. The regulations are projected for submission to the Office of Administrative Law (OAL) by the end of October 2005. If there are no substantial changes, OAL approval is anticipated by mid-December 2005. Applications would be available in January 2006 with the first application deadline being April 10, 2006.

(Continued on page 3, see VN Education)

## MISSION STATEMENT

*The mission of the California Board of Vocational Nursing and Psychiatric Technicians (Board) is to protect the public. Public protection is paramount to the Board and its highest priority in exercising its licensing, regulatory and disciplinary functions. Toward this end, the Board ensures that only qualified persons are licensed vocational nurses and psychiatric technicians by enforcing education requirements, standards of practice and by educating consumers of their rights.*

# LVNs Scope of Practice: Intravenous Medications

On February 28, 2003, the Office of Administrative Law (OAL), approved the Board's regulations that licensed vocational nurses (LVN) who are Board-certified in intravenous (IV) therapy be permitted to administer medications intravenously in hemodialysis, pheresis and blood bank settings under specified conditions.

On February 24, 2003, the California Nurses Association (CNA) filed a lawsuit against the Board. CNA alleged, among other things, that the Vocational Nursing Practice Act does not provided statutory authority for regulations that would permit LVNs to give medications intravenously.

**On July 14, 2005**, a Superior Court ruling upheld CNA's allegation, stating, "The court finds that the amended Regulations must be set aside because the Regulations are not within the scope of the authority conferred by the statute." The Board received a copy of the ruling on July 19, 2005. Subsequently, the Board notified all interested parties of the Court's decision, including individuals, organizations and state regulatory agencies. The regulations are rescinded. Regulations governing intravenous therapy by licensed vocational nurses (LVN) who are Board-certified will revert to the language that existed in 2002.

**The Board has been mandated to revert to the following Intravenous Therapy regulations that were in effect in 2002. These are the regulations that should now be utilized.**

## Article 8. Intravenous Therapy

### **§ 2542. Definitions.**

As used in this Article:

- (a) "Intravenous fluids" means fluid solutions of electrolytes, nutrients, vitamins, blood and blood products.
- (b) "Superimpose" means to connect a container of intravenous fluid to tubing through which another

container of intravenous fluid has just been administered.

- (c) "Primary infusion line" means the line which provides a direct infusion between the container and the peripheral vein.
- (d) "Secondary infusion line" means a line which provides infusion through a lateral access into a primary infusion line.

### **§ 2542.1. Intravenous Therapy.**

The Board will consider a licensed vocational nurse as competent to start and superimpose intravenous fluids via primary or secondary infusion lines who has completed one of the following:

- (a) A course in intravenous therapy approved by the Board, as defined in Section 2542.3.
- (b) Submitted certification, satisfactory to the Board, by one of the persons specified in Section 2542.4, that the licensee has been instructed in the subject areas as specified in Section 2542.3 and that the licensee has the knowledge, skills and abilities to safely practice venipuncture. For further limitations, see Business and Professions Code section 2860.5

## Article 10. Intravenous Therapy/Blood Withdrawal

### **§ 2547. Definitions.**

As used in this Article:

- (a) "Intravenous fluids" means fluid solutions of electrolytes, nutrients, vitamins, blood and blood products.
- (b) "Superimpose" means to connect a container of intravenous fluid to tubing through which another container of intravenous fluid has just been administered.
- (c) "Primary infusion line" means the line which provides a direct infusion between the container and the peripheral vein.
- (d) "Secondary infusion line" means a line which provides infusion through a lateral access into a primary infusion line.

### **§ 2547.1. Intravenous Therapy/Blood Withdrawal.**

The Board will consider a licensed vocational nurse as competent to start and superimpose intravenous fluids via primary or secondary infusion

*(Continued on page 3, see Scope of Practice)*

## SCOPE OF PRACTICE

(Continued from page 2)

lines and perform blood withdrawal who has completed one of the following:

- (a) A course of instruction in intravenous therapy and blood withdrawal approved by the Board.
- (b) Submitted certification, satisfactory to the Board, by one of the persons specified in Section 2547.4, that the licensee has been instructed in the subject areas as specified in Section 2547.3 and that the licensee is knowledgeable and competent in the practice of venipuncture and blood withdrawal.

## FEE CHANGE

(Continued from page 1)

The new law also specifies that employers of LVNs or PTs who fail to report to the Board any suspension or termination for cause of a LVN or PT in its employ may be cited and fined. "Suspension or termination for cause" is defined as suspension or termination from employment for any of the following reasons:

1. Use of controlled substances or alcohol to the extent that it impairs the licensee's ability to safely practice;
2. Unlawful sale of a controlled substance or other prescription items;
3. Patient or client abuse, neglect, physical harm, or sexual contact with a patient or client;
4. Falsification of medical records;
5. Gross negligence or incompetence;
6. Theft from patients or clients, other employees, or the employer.

**Implementation of this new law is contingent upon the necessary funding in the annual Budget Act.**

Unfortunately, the VN Program does not have sufficient money in its fund to cover the implementation costs. Consequently, as this is a critical consumer protection law, a fee change is required. To effectuate the regulation change, the following actions must occur:

- On December 20, 2005, a regulation hearing will be conducted to obtain oral and written comments from the public. The hearing location is at the Department of Water Resources, Auditorium, 1416 - 9<sup>th</sup> Street, Sacramento, California, at 10:00 a.m.
- On February 3, 2006, the final rulemaking file will be submitted for adoption by the Board.
- In February/March 2006, the final rulemaking file will be submitted to the Director of the Department of Consumer Affairs (DCA) and the Office of Administrative Law (OAL) for their final review and approval.
- If approved by DCA and OAL, the regulations will become effective January 1, 2007.

The Board worked closely with the DCA Budget Office to analyze its revenue and expenditure projections; and to develop this regulatory fee change proposal.

## VN EDUCATION

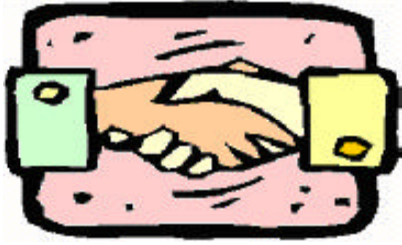

(Continued from page 1)

Fax: 916.324.6585

[www.healthprofessions.ca.gov](http://www.healthprofessions.ca.gov).

## Strategic Planning: Stakeholder Surveys

In accordance with the Board's strategic plan and legal mandate for consumer protection the Board continues to survey its stakeholders, including vocational nursing and psychiatric technician programs along with facilities that utilize licensed vocational nurses (LVNs) and psychiatric technicians (PTs).

In October 2004, the Board distributed surveys to all approved and accredited vocational nursing and psychiatric technician programs and to a random sampling of health care facilities. Approximately 148 surveys were mailed, 71 program, and 18 facility surveys were returned.

Responses to the surveys identified several major concerns that currently effect both nursing education and nursing practice.

The nursing shortage and the nurse-to-patient ratios implemented in January 2004 for acute care hospitals have greatly impacted nursing education and nursing practice. Both are leading to increased utilization of licensed vocational nurses and, to a lesser extent, psychiatric technicians. Sixty-six percent (66%) of hospital respondents indicated that the use of LVNs in hospitals has increased to accommodate the staffing ratios versus 44% of the hospitals that stated they have stopped using LVNs because of the staffing ratios. The responses indicated the use of the LVN has changed as a direct cause of the implementation of the staffing ratios.

Educational institutions are being pressured to produce more vocational nurses and psychiatric technicians to fill the staffing needs. A variety of health care educational programs are inundating clinical facilities with requests for clinical experience sites. Due to physical space and staffing constraints not all requests

can be granted. As a result of both of these factors, programs report that many qualified applicants cannot be accepted into their programs. Thirty-three percent (33%) of the programs stated that obtaining and maintaining clinical facilities are becoming a problem due to the over-saturation of vocational and registered nursing programs in clinical sites, which are predominately in Southern California.

Thirty-six percent (36%) of schools state that major changes are needed in program scheduling, staffing and infrastructure to accommodate an increase in the number of students. Such changes may be difficult to implement due to budget restrictions, the nursing shortage and competition between various health care education programs for staff and clinical space.

Ninety-five percent (95%) of the facilities had varied responses as to what they want from graduates from both the VN and PT programs. Most facilities responded positively about the licensees; however, they consistently identified several areas of need. Those areas included lack of critical-thinking/problem-solving skills; ineffective leadership and time-management, including poor ability to multi-task; and, lack of refinement in written and verbal communication skills.

Finally, there was general consensus among educators that nursing content and technical skills required in the education of LVNs/PTs need to stay up-to-date with the evolution of practice. This requires that educators, clinicians and health care administrators communicate openly and frequently about patient care needs and outcomes.

Sixty-six percent (66%) of the programs stated that LVN graduates need help upon graduating with transition from student to employee in areas of caring for large volume of patients, preparation for leadership/management roles, and organizational skills.

The Board will continue to survey its stakeholders on a regular basis. Results of these surveys will be shared in future issues of PRN.

# NCSBN Testing Update

**International Administration of the NCLEX** - The National Council of State Boards of Nursing, Inc. (NCSBN) selected the first three countries for purposes of offering the NCLEX® examinations abroad for domestic licensure purposes. Effective January 1, 2005, NCLEX® testing was available in Seoul, South Korea; London, England and Hong Kong, China.

The selection criteria included security and geographic representation outside of the current member board of nursing locations. The countries selected were highly rated against these criteria.

Candidates that choose to test abroad must still apply for licensure in one of the member board states or territories, and meet the licensure requirements for that jurisdiction. A \$150 international scheduling fee plus a Value Added Tax will be assessed at the time the appointment is scheduled. This fee represents an increased value to the candidate by substantially reducing the costs associated with travel to another country to test. Current state and territorial NCLEX® examination fees will not be raised to subsidize international testing.

NCSBN may remove or add any international testing locations, if any situations warrant that action. Additionally, NCLEX® administration at international locations is predicated on full implementation of all of the security policies and procedures currently used to administer the NCLEX® examination domestically.

## Information for NCLEX® Candidates

**Examination Rescheduling:** Candidates in Louisiana, Mississippi and Alabama who need to reschedule NCLEX® examination appointments should contact Pearson VUE toll-free at 1-866-496-2539.

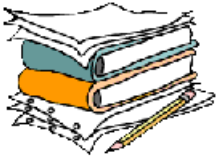

**Change in Jurisdiction for Initial Licensure:** For NCLEX® candidates in Louisiana, Mississippi and Alabama who have applied for initial licensure on their NCLEX® application to Louisiana-RN, Louisiana-PN, or Mississippi Boards of Nursing may change their jurisdiction of initial licensure to another Member Board without the normal \$50.00 charge. This fee waiver for candidates in these jurisdictions is in effect until further notice. Candidates wishing to change their jurisdiction of initial licensure on their NCLEX® application must contact Pearson VUE at 1-866-496-2539 and ask for a NCLEX® Program Coordinator regardless of how they initially registered for the examination (via Web, Paper Application or Phone). Once the jurisdiction has been changed on the NCLEX® application, candidates will need to apply and be subject to requirements of the new Member Board to which they are applying to be made eligible to take the examination. Candidates should contact the new Member Board jurisdiction to which they are applying for full details.

This process also applies for those Louisiana candidates that have an Authorization to Test (ATT), or have already scheduled an appointment. They may change from Louisiana to another jurisdiction without charge. Their ATT's, and appointments if scheduled, will be cancelled by Pearson VUE, and their ATT's will be re-set once another jurisdiction has approved their eligibility. Again, candidates will need to apply and be subject to requirements of the new Member Board to which they are applying to be made eligible to take the examination.

# PT Education Update

## REDEFINING THE ROLE OF THE PSYCHIATRIC TECHNICIAN IN TODAY'S HEALTHCARE

The industry of health care in the 21<sup>st</sup> century has changed markedly! Licensees today are being asked to perform tasks that were previously unheard of! Today's licensees are not

prepared to practice in today's marketplace! These statements have been echoed by licensees across the State.

In January 2005, the Board of Vocational Nursing and Psychiatric Technicians commenced a new study of psychiatric technician practice, or occupational analysis. Such a study is conducted every five (5) years. This process is required to ensure that the Psychiatric Technician Licensure Examination tests content commonly seen in actual psychiatric technician practice and that individuals who pass the licensure examination possess the knowledge, skills, and abilities required for safe and competent practice upon entry into the profession.

The study is being conducted by the Department of Consumer Affairs' Office of Examination Resources (OER). The purpose of the Psychiatric Technician Occupational Analysis is identification of tasks commonly performed by psychiatric technicians upon entry into the profession. Additionally, the research study will identify relevant knowledge, skills, and abilities (KSA) that are required for safe and competent task performance. Ultimately, the study will result in a new Psychiatric Technician Test Plan. This document is the blueprint that determines content included in the California Psychiatric Technician Licensure Examination.

The research study began with interviews of entry – level psychiatric technicians. Interview participants represented all clinical areas in which psychiatric technicians are employed. All geographical settings across the State were represented. These licensees were asked to identify those tasks that are performed by entry-level psychiatric technicians. Entry – level is defined as no less than six (6) months and no more than five (5) years.

On September 15, 2005, OER in conjunction with the Board convened a two (2) day focus group conference to review all respondent data. A second focus group conference was held September 29 - 30, 2005. Each task statement was reviewed to ensure accuracy. Critical elements of psychiatric technician practice were identified. Similarly, conference participants identified critical knowledge, skills, and abilities that are required to perform each identified task. Final recommendations were developed.

Conference participants included entry – level psychiatric technicians and licensees who supervise entry – level psychiatric technicians. Representation was solicited from all classifications of clinical facilities. State, county, and private facilities were represented. Areas of practice included, but were not limited to:

- Psychiatric Emergency Services
- Substance Abuse
- Acute Psychiatric Inpatient Services
- Long – Term Psychiatric Services
- Long - Term Developmental Disabilities
- Sensory Deprivation Services
- Quality Management Services
- Forensics

Recommendations from these conferences will be included in a survey questionnaire. In–put from practicing psychiatric technicians is critical. The survey questionnaire will be disseminated in January 2006 to approximately 2,500 psychiatric technicians. Respondents will be asked to rate each task and knowledge statement. Based upon respondent data, a new Psychiatric Technician Examination Outline will be recommended. This ensures that the Psychiatric Technician Licensure Examination is representative of professional practice.

The study is scheduled to conclude in May 2006. A final validation report and recommendation for a new Psychiatric Technician Examination Outline will be submitted in June 2006.

## PT Examination Update

Exporior Assessments, LLC, the testing corporation that currently administers the Psychiatric Technician Licensure Examination, has been acquired by Thomson Prometric, located in Baltimore, Maryland.

In order to avoid candidate confusion that might occur if they ceased using the Exporior name immediately, Thomson Prometric has indicated that the "Exporior" name will be retained in the short term in areas such as "Exporioronline.com" and the "Exporior test center network". Similarly candidate handbooks and other candidate communications will retain the Exporior name. However future revisions of the candidate handbooks will include the Thomson Prometric logo.

## BOARD CONTINUES PUBLIC OUTREACH

The Board's primary goal is protection of the public interest. An important part of the process to meet this goal is public outreach and networking with interested organizations. Input from the public, stakeholders such as nurses, licensees, students and faculty, and from nursing organizations and other regulatory agencies assist the Board to strengthen its role. During the past year and a half, Board staff met with the following organizations to provide information and stay abreast of issues that impact the Board and its licensees:

- ◆ Board of Registered Nursing
- ◆ Bureau for Private Postsecondary and Vocational Education
- ◆ California Association of Healthcare Facilities
- ◆ California Assembly Select Committee for the California Nursing Shortage
- ◆ California Institute for Nursing and Health Care
- ◆ California Nursing Outcomes Coalition
- ◆ California Vocational Nurse Educators
- ◆ California State and Consumer Services Agency
- ◆ Health Professions Education Foundation
- ◆ Kaiser facilities
- ◆ Little Hoover Commission
- ◆ National Council of State Boards of Nursing, Inc.

The Board also provides information to the public regarding its activities related to the education, licensing and discipline of licensed vocational nurses (LVN) and psychiatric technicians (PT). In addition, it holds director forums for new program directors. The Board's website is the major source of such information and can be accessed at <[www.bvnpt.ca.gov](http://www.bvnpt.ca.gov)>. There you can find the Board's Newsletter, fact sheets and occupational guides about licensed vocational nursing and psychiatric technicians, lists of accredited VN and PT programs, brochures about your health care, the disciplinary process and a guide for hiring LVNs and PTs.

In addition, the Board's website provides online license verification, information about Board meeting dates and locations, forms and application procedures, links to other important sites, and much more. We invite you to visit our website and encourage you to give us feedback about it.

[www.flexyourpower.ca.gov](http://www.flexyourpower.ca.gov)

## Public Sales Mailing Lists

public under the Information Practices Act.

The legal opinion states that the name and address of record of licensees are information "relating to the conduct of the public's business" [Government Code Section 6252(e)]. Therefore, they are public records, and must be disclosed unless they are "exempt from disclosure by express provisions of law" [Government Code Section 6252(b)]. Examples of exemptions to mandatory disclosure include personnel, medical or similar files which would constitute an unwarranted invasion of privacy.

Civil Code Section 1798.62 provides that:

"Upon written request of any individual, any agency which maintains a mailing list shall remove the individual's name and address from such list, except that such agency need not remove the individual's name if such name is exclusively used by the agency to contact the individual."

In 2003, the Board was made aware that organizations were purchasing mailing lists from the Department of Consumer Affairs Public Sales Office, and publishing these mailing lists on the internet for profit. At that time, the Board was advised that Section 1798.62 permitted licensees to have their name and address removed from any mailing list the Board maintains, but that it would not permit the licensee to shield his or her name from disclosure made in response to a public records request.

Section 1798.62, however, cannot be used as authority to shield the names and addresses of licensees from public disclosure. Section 1798.61(a) of the Information Practices Act provides that:

Nothing in this Chapter [i.e. the Information Practices Act which includes Section 1798.62] shall prohibit the release of only names and addresses of persons possessing licenses to engage in professional occupations.

Consequently, the Board can no longer allow its licensees to remove their names and addresses from the public sales of mailing lists by the Department of Consumer Affairs. Anyone with questions regarding the legal opinion may call the Board's office in Sacramento at (916) 263-7800.

***For more information, please visit the  
Board's website at  
[www.bvnpt.ca.gov](http://www.bvnpt.ca.gov)***

# Board Member Appointments

The Board is composed of 11 members with a public member majority (6 public members and five professional members). Two members are licensed vocational nurses (LVNs); two are psychiatric technicians (PTs); one is a registered nurse (RN) educator or LVN educator; and six are public members.

Effective September 15, 2005, Governor Arnold Schwarzenegger appointed the following three new board members:

- **Todd D'Braunstein**, 37, of Upland, has been appointed to the Board. He is a unit supervisor at Patton State Hospital. D'Braunstein first began at Patton State in 1996 as a psychiatric technician and was later elevated to psychiatric technician instructor in 2001. He was previously a psychiatric technician at Lanterman Developmental Center.
- **Kenneth Merchant**, 45, of Citrus Heights, has been appointed to the Board. He was the executive director of the Quality Care Health Foundation, an education and workforce development organization in the health care field. Merchant was previously the executive director of the National Association of Job Training Assistance from 1997 to 1999. He is a member of the Nursing Workforce Advisory Committee for the California Board of Registered Nurses and of the California Workforce Association.
- **John Vertido**, 45, of Roseville, has been appointed to the Board. He has been a nursing instructor at Western Career College since 1996. Vertido has also taught as a nursing instructor at Sierra College and served in the United States Army Reserve from 1980 to 2000. He is a commissioner on the Roseville Parks and Recreation Commission and a board approved vocational nurse instructor.

The following chart lists the current membership of the Board:

<b><u>Board Member Name</u></b>	<b><u>Appointment Information</u></b>	<b><u>Term Expires</u></b>
1. Angela Acosta-Salazar	Appointed November 5, 2003	6/1/2005*
2. Henry Aguilar	Appointed November 5, 2003	6/1/2007
3. Todd D'Braunstein, PT	Appointed September 15, 2005	6/1/2008
4. Kenneth Merchant	Appointed September 15, 2005	6/1/2008
5. Irene Moreno, LVN	Reappointed October 13, 2003	6/1/2007
6. Susan Rosenthal	Appointed November 5, 2003	6/1/2005*
7. Sister Marie de Porres Taylor	Senate Reappointed June 11, 2003	6/1/2007
8. John Vertido, LVN Educator	Appointed September 15, 2005	6/1/2008
9. Vacant (Assembly Appt.)	<i>Stephanie Carter's Grace Period Ended 6/1/05</i>	6/1/2004-6/1/2008
10. Vacant (LVN)	<i>Carol Ashley Reappointed 10/03; Resigned 7/12/04</i>	6/1/2003-6/1/2007
11. Vacant (PT)	<i>Ron Franklin's Grace Period Ended 6/1/04</i>	6/1/2003-6/1/2007

\* These board members can serve a grace period that ends 6/1/2006. **Six (6) members are needed to establish a quorum at a board meeting.**

Information about the Governor's appointment process and applications for appointment may be accessed via the Governor's website at [www.governor.ca.gov](http://www.governor.ca.gov).

# Board Meeting Dates, Locations and General Information

The schedule of 2006 Board meeting dates and locations is as follows:

February 2 - 3, 2006 Los Angeles, CA	May 11 - 12, 2006 South San Francisco, CA
September 14 - 15, 2006 Glendale, CA	

On the first day, disciplinary hearings are held. On the second day, the regular Board meeting commences. The Board meeting agenda is mailed to individuals on the Board's general mailing list approximately 2-3 weeks prior to the actual Board meeting date.

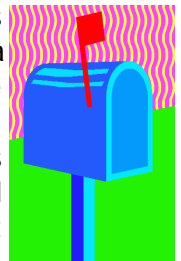

Please note that all Board meeting dates and locations are subject to change. Interested parties should call the Board at (916) 263-7845 to confirm the date and specific meeting site of any Board meeting, or access the Board's web site at <http://www.bvnpt.ca.gov>.

The seating capacity is limited at each board meeting. The Board makes every effort to meet in facilities that can accommodate the estimated 300-800 members of the public who wish to observe its proceedings at any given location; however, because of the budget restrictions, this is not always possible. If overcrowding should occur, attendees are asked to exchange seats with individuals waiting outside of the room to ensure that all interested parties have an opportunity to observe the proceedings. The Board appreciates the cooperation of both faculty and students should this occur.

## Change of Address

Pursuant to California Business and Professions Code section 136, licensees are required to notify the Board in writing of any changes of mailing address within 30 days after the change. Violation of this statute may result in the issuance of a citation and fine. Additionally, failure to notify the Board of a new address in writing will result in unnecessary delays in receipt of your renewal forms, renewed licenses, and other important correspondence from the Board. Please submit your change of address in writing to the Board and be sure to include your name, license number, old address and new address. Please also be aware that your address of record is public information and may be disclosed upon request.

# ENFORCEMENT ACTION LIST\*

Licensed Vocational Nurses & Psychiatric Technicians

January 1, 2004 - December 31, 2004

and January 1, 2005 - June 30, 2005

The Board publishes and distributes its Enforcement Action List in July and December each year. The list identifies licensees against whom enforcement action was taken during calendar year, January 1 - December 31, 2004 and January 1 - June 30, 2005.

Examples of formal discipline include:

**Revocation:** The license is taken away from the licensee for a minimum of one year.

**Probation:** The license is placed on probationary status which includes specific terms and conditions of compliance.

Other enforcement proceedings include:

**Cite/Fine:** The licensee is issued a citation and required to pay a fine commensurate with the violation committed.

The Enforcement Action List can be also accessed on the Board's internet web site at: [www.bvnpt.ca.gov](http://www.bvnpt.ca.gov)

*\*NOTE: Although every effort is made to ensure that the following information is correct, interested parties should call the Board at (916) 263-7800 to obtain updated and accurate license information.*

One of the Board's strategic goals is to communicate effectively and work cooperatively with its stakeholders. To meet this goal the Board is available on the world wide web. The web page provides information regarding the Board's roles, functions and services, as well as issues and concerns pertaining to health care and the disciplinary process.

## Important Telephone Numbers

The following is a list of telephone numbers you may call should you require assistance:

- For general LVN information and questions about Examinations, call (916) 263-7800.
- For general PT information and questions about Examinations, call (916) 263-7830.
- For questions about an LVN or PT "scope of practice", call the Board's Education Unit at (916) 263-7843.
- To file a complaint against a licensee, call the Board's Enforcement Unit at (916) 263-7822.

## Other Regulatory Agencies

- For questions regarding Physicians or Medical Assistants, call the Medical Board at (800) 633-2322.
- For questions regarding Registered Nurses (RNs), call the Board of Registered Nursing at (916) 322-3350.
- For questions regarding Certified Nurse Assistants (CNAs), call the Department of Health Services, Licensing and Certification Unit, at (916) 327-2445.
